DAHLIAS
OF
QUALITY AND DISTINCTION

1925
THE Charming Pink Dahliadel Introduction without a rival. Its beautiful coloring, perfect form and exceptional keeping qualities win friends everywhere.

At the Dahlia Society of New Jersey Trial Grounds, Emma Marie scored 89 Exhibition and 90 Commercial, the highest of 47 entries. A Prize Winner—receiving Bronze Medals at the D. S. of N. J. Show at Trenton and at the Penn. Hort. Society Show in Phila. for best trade exhibits, featuring Emma Marie on long stems. Also 25 blooms won the Camden Dahlia Society Trophy Cup at Trenton.

A favorite Hybrid Cactus because of its pleasing shade of clear pink with a creamy white center and its combination of exhibition and commercial qualities not found in many Dahlias. It is a robust grower, producing deep full-centered blooms averaging eight inches in diameter on three to four foot stems in ordinary field culture.

Grow it and you will love it—so will all who see it. Tubers $10.00. Plants $5.00.
GREETINGS

In presenting our 1925 Catalogue we wish to thank our customers for their liberal patronage and we look forward with pleasure to your future orders.

This season offers you unexcelled values in Dahlias of Quality and Distinction which are 99% healthy and true to name. Our stock is the finest we have ever grown. Not only have we tried out and added a number of novelties, but have one of the finest assortments of popular high-class standard varieties at a moderate price. With the stock from our 35-acre Nursery and 13,000 square feet of floor space completely equipped for the growing, shipping and storage of dahlias, we are able to give unusual values and fill orders promptly and satisfactorily.

We are located in South Jersey, the ideal spot for dahlias. Our roots are all field grown from healthy stock which has never been forced. Prove the worth of Dahlias of Quality and Distinction by growing them. Satisfaction guaranteed.

To our new friends we say it will give us great pleasure to hear from you and assuring you of the most for your money.

Orders will be filled with strong field-grown root divisions. We will notify you if unable to supply any variety. We do not substitute.

Dahliaadel Green Plant List issued in February.

OUR GUARANTEE

All dahlia roots and plants, if properly cared for, are guaranteed true to name and free from disease, Mosaic or stunts to the extent of replacement with true stock. Tubers that fail to start in three weeks we will gladly replace upon their return.

TERMS AND DELIVERY

All stock will be sent May 10th by parcel post prepaid, unless shipment is C. O. D., in which case customer pays the C. O. D. charges. Shipments to sections where plantings are at a different time will be made accordingly.

Your early order is invited to assure you of the widest selection of varieties.
EASTERN STAR. Decorative

1925 Dahliadel Introduction

We expect to feature Eastern Star next season as we did Emma Marie this year.

This dahlia scored 87 Exhibition and 88 Commercial at the Dahlia Society of N. J. Trial Grounds, being second to Emma Marie. According to one of the most noted eastern growers, "Eastern Star is a corker, and I say it without any hesitation that it was the best new dahlia I tried out this year, and I had most of the new ones."

Color a soft saffron yellow with old gold shadings. Flowers of great substance and good keeping qualities, with full centers held on strong erect stems. Excellent bush growth, and free flowering. Grows ten inches without forcing.

Tubers, $15.00. Plants, $7.50.
JERSEY DAHLIAS
1924 and 1925 Introductions

The following novelties originated in New Jersey are a selection to be proud of and are all wonderful dahlias. We can heartily recommend them to the flower lovers who want the choicest of the new varieties, and we feel confident you will be literally carried away with them. JERSEY ORIGINA-
TIONS ARE LEADERS AND REAL PRIZE WINNERS.

EASTERN STAR (Dahliadel, 1925). See opposite page.
ELBERON BEAUTY (Fisher & Masson, 1924) Decorative. As
its name indicates, a beauty, a large exhibition flower of
soft apricot shading to a slightly darker tone towards
center of flower, held erect on a long, rigid stem.
   Tubers, $5.00. Plants, $2.50

EMMA MARIE (Dahliadel, 1924). See inside front cover for
description, and back cover for color reproduction. The
cover of this book was painted by Mr. C. Horace Bowman,
of Philadelphia, who used a field of Emma Marie for his setting..................Tubers, $10.00. Plants, $5.00

DAHLIADEL GLORY (1925) Peony. We, like many others,
are prejudiced against peony dahlias because so many
floppy duplex varieties have been introduced, but this
new dahlia is of such artistic formation of broad, heavy
petals, with a beautiful whirl center, on long, erect stems,
with a wonderful color blending of scarlet tipped reddish
apricot, giving a henna effect that it has been a general
favorite for the past three years in our trials.
   Tubers, $5.00. Plants, $3.00

C. B. GITHENS (Peacock, 1924) Cactus. One of the finest
and largest clear yellow cactus dahlias we have grown.
Producing well-formed flowers of good substance and
keeping qualities on long, slender but stiff stems. Valuable
for exhibition and as a commercial.
   Tubers, $3.00. Plants, $1.50

JERSEY'S BEAUTY (Waite, 1924) Decorative. See page 4.
JERSEY'S GEM (Waite, 1924) Decorative. Large, well-formed
flowers of lavender pink on long, erect stems. A.D.S.
Certificate and the President's Medal of the D. S. of N. J.,
1923.........................Tubers, $10.00. Plants, $5.00

MARGARET MASSON (Fisher & Masson, 1924) Decorative.
A prize winner in a number of different shows for the
"largest flower." Awarded Certificate of Merit by Dahlia
Society of New Jersey, trial gardens, 1924. Wonderful
exhibition variety of a beautiful silvery pink of great
depth and size, excellent keeping variety, and flowers are
produced on stiff stems.....Tubers, $10.00. Plants, $5.00
JERSEY'S BEAUTY (Waite). Decorative

1924 Introduction

Very fine true pink, flowers of perfect shape, produced on long, straight, stiff stems. Very free bloomer, and a splendid keeper. Certificate of Merit. A.D.S., 1923. Winner of several gold medals the past year, and winner of the highest award at Storrs, Conn.

Tubers, $10.00. Plants, $5.00.
PEACOCK (Peacock, 1925) Decorative. The finest variegated dark red and white we have ever seen or grown. Bush dwarf with large, deep flowers borne erect well above the foliage. Flowers of even form with full, deep centers. On the 10 plants we grew last season every flower was evenly marked as much white as reddish purple, a characteristic uncommon in variegated dahlias.

Tubers, $5.00. Plants, $3.50

ROBERT TREAT Decorative. This dahlia, similar in color to the American Beauty Rose, is different from any other dahlia in shade or color. Plants are strong, healthy growers of spreading habit. Flowers from 9 to 11 inches and 4 inches deep, produced on long, erect stems. Has a wonderful prize record and certainly an outstanding novelty.

Tubers, $10.00. Plants, $5.00

SUNNY JERSEY (Dahliadel, 1925) Decorative. This dahlia, although somewhat similar in color to Eastern Star, is distinctly different in form and habit. It is an exceptionally free bloomer with flowers a foot or more above the foliage on erect stems. Petals are broad and flat, inclined backward. Color, lemon yellow, with golden suffusion. Sunny Jersey scored 85 Exhibition and 90 Commercial at the Dahlia Society of N. J. Trial Grounds—the same total score as Eastern Star. A favorite in the cut-flower market. Priced low this season, and will probably be the same price next year.

Tubers, $5.00. Plants, $3.00

TRENTONIAN (Fisher & Masson, 1925) Decorative. A giant decorative dahlia of a shade that appeals. The color is that of an “Indian's Skin,” a wonderful blending of old gold, amber and coppery bronze, the whole forming a flower of marvelous brilliancy, with a center zone of reddish bronze. Its broad, leathery petals are well placed, making a flower of great lasting qualities with the appearance of velvet. This flower is highly recommended either for garden or exhibition for its size, stem and grand color. Awarded Certificate of Merit, trial gardens of Dahlia Society of N. J., scoring 89 points, 1924.

Tubers, $15.00. Plants, $7.50

VINELAND (Dahliadel, 1924) Decorative. An immense flower of wondrous beauty in one of those leading fall shades. A russet orange suffused apricot. Petals curl and twist, making an artistic flower similar to Mrs. Elkins in form, but more massive. Has good keeping qualities and flowers are borne in profusion on long, erect stems. A favorite wherever grown.

Tubers, $3.00. Plants, $1.50
FREE

For the past two years we have included extras of our own selection to the value of 10% or over on all retail orders with the exception of collections, and we will continue this policy. However you may

Select Your Own Complimentary Tubers

from the following list on dahlia root orders from this catalog, pages 7 to 25 inclusive. With each dollar in trade you are allowed 25c toward any variety in this list. For example, on an order of $8.00 worth of tubers you may select $2.00 worth from the following list, or you may choose a $3.00 variety by paying only $1.00 additional.

7,000 Dahlias in Cultivation

By J. B. S. Norton

A new manual giving names, originators or introducers, class and color, so far as known, for all dahlia varieties now grown.

You need this book, whether you issue a catalog, grow a dahlia garden, or have a new variety to name. It will help to avoid many errors in nomenclature.

Blank interleaves for adding new names.

PRICE, $2.00, Postpaed.
Dahlias of Distinction

To eliminate the monotony of description, all dahlias listed in this catalogue are of regular form, profuse and early bloomers with good, erect stems and full centers in the Decorative, Cactus and Show types, Hybrids included, except where noted.

ABBIE WILKINS (Hybrid-Cactus). Flowers 8 inches across, of good depth. The rolled and twisted petals are a light flesh with a reverse of cerise. Bush 4 feet........... 1.00

AGNES HAVALAND (Decorative). Large flowers of perfect form. Fine rose pink, slightly suffused with yellow. 2.00

AMBASSADOR (Hybrid-Cactus). Well-formed flowers of soft yellow buff shaded salmon pink, held erect well above the foliage, grow easily 9 inches in diameter. Fine for cutting. Bush 5 feet............................ 5.00

AMUN RA (Decorative). Described as resembling a setting sun. Flowers 10 inches. Outer petals are a gorgeous shade of copper and orange shading to gold and amber and deepening in the center to a reddish bronze...... 2.50

ARROW OF GOLD (Decorative). Immense, deep blooms. Color, pure gold, deepening in center and shading to a golden apricot and amber at the outer petals. Flowers are held very erect. A late bloomer............... 3.50

ATTRACTION (Hybrid-Cactus). One of the most popular of all dahlias. Color, clear lilac rose. A pæony cactus at times. Flowers 7 inches. Bush 5 feet............. .75

AUGUSTINUS (Decorative). Large flowers with long petals which are more or less twisted, formed similar to Mme. Butterfly. Color is a rosy salmon overlaid with bright metallic lilac. Bush 5 to 6 feet...................... 1.00

AUTUMN (Century). Delicate madder lake, shading yellow at center. A beautiful autumn tint.................. .25

AYESHA (Decorative). Large flowers of good form. Color, a soft, pure sulphur yellow.......................... .35

AZALEA (Decorative). Large decorative with rather flat and pointed petals. Color, soft yellow, outer petals shaded pink ........................................ Dry

BALLET GIRL (English Cactus). Beautiful flowers of immense size; color, orange tipped white, some flowers pure orange, with other variations on same bush.... 1.00

BASHFUL GIANT (Decorative). One of the largest dahlias yet introduced. Color, apricot with golden suffusion and shadings. Flowers produced on excellent stems, facing partially downward, hence its name..................... 3.00

BEATRICE SLOCOMBE (Decorative). Large, brilliant crimson red with golden suffusion and tips............. 1.00
1924 Introduction

Extremely large flowers of great substance, even, perfect form, excellent stem and bush growth. Color, canary yellow faintly suffused salmon. As the flower develops the outer petals open back toward the stem, forming a flower of great depth with a full, high center, making it very unique. Tubers, $5.00. Plants, $2.50.
BELLE OF SPRINGFIELD (Pon Pon). A splendid pon pon, perfect shape of soft rosy red....................... .35

BETTY (Decorative). See page opposite.

BETTY AUSTIN (Cactus). Color, rosy carmine, shading yellow at base and tips of petals. Flowers held well above the foliage on erect, slender stems.................. 1.00

BILLIE (Pæony). A satisfactory dahlia. Color, bright rose and twisted, averaging six inches across, stems pendant ........................................... .50

BONNIE BRAE (Decorative). An immense exhibition dahlia. Color, one of the most pleasing shades of cream, shading to blush pink. Stems are a little pendant at times, due to the immense flower. Truly a wonder in delicate shading .......................................................... 1.00

BREAK O’DAY (Hybrid-Cactus). See page 28.

BREEZE LAWN (Decorative). Fiery vermilion; perfect form. Flowers often over eight inches across...... .75

BRIDES’ BOUQUET (Cactus). Flowers pure white of medium size and perfect form. A good cut flower and good root maker ............................................................... 1.00

BUFF BEAUTY (Decorative). Giant blooms of deep buff held erect. A favorite, as it blends well with all autumn-hued dahlias. Not an early bloomer for us.............. 2.00

CALEB POWERS (Show). One of the good show dahlias; opening to a perfect ball. Color a very delicate lilac rose, lighter center. Stems a little weak......................... .25

CALIFORNIA BEAUTY (Cactus). A pure copper in color. Much resembles Golden West Cactus, except better bush growth and much larger. A good cut flower......... 1.00

CALIFORNIA ENCHANTRESS (Cactus). Immense blooms of good substance. A delightful shade of pink. Good for cutting ............................................................... 1.00

CALIFORNIA SUPERBA (Decorative). An immense flower of great depth with petals long and narrow. A delicate shade of pink without any blue tone, gradually shading to a white center............................................... 3.50

CANADA (Pæony). One of the best and hardiest pure white pæonies with erect stems..................................................... 1.00

CARL OWEN (Show). The best red show dahlia of perfect form. Rich, non-fading carmine red. Worthy of your trial ................................................................. .75

CARMENCITA (Decorative). Bush rather dwarf, but flowers have good stems. Color, yellow lightly striped red. The artistic formation of the flower makes it very popular 1.00

CARMEN SYLVA (Decorative). Color, salmon pink shaded rose, medium size and of good substance............... .50

CAROLYN WINTJEN (Decorative). A beautiful exhibition dahlia of massive formation. Color, salmon pink shaded rose ................................................................. .50
CHAMPAGNE (Decorative). This dahlia is not only wonderful for its size and rigid stem, but its distinct coloring, unique form, and freedom of flowering make it very popular. Color, golden champagne with chamois shadings

CHARM (Decorative). A much admired autumn shade of burnt orange shading to yellow

CHIEFTAIN (Decorative). Clear, light red, heavily streaked and splashed canary yellow; some flowers all red; very attractive for exhibition

CIGARETTE (Hybrid-Cactus). Creamy white, heavily edged orange with color variations. Petals are long and narrow, inclined to roll. Blooms large, on excellent stems, and of good substance

CITY OF PORTLAND (Peony). The best and largest clear yellow peony dahlia we have found producing Exhibition blooms from early to late on erect stems

COLOSSAL PEACE (Hybrid-Cactus). A massive cactus dahlia of the Kalif form and size, often measuring eight inches across; later in the season when the flower shows a center it is a wonderful paeony dahlia; color, creamy white at center, shading violet rose with lighter tips. Stems slightly pendant

COMSTOCK (Decorative). An immense yellow flower of great substance. Petals slightly fluted. Fine for cutting

CONQUEST (Cactus). Rich garnet with maroon shadings. Petals finely quilled and twisted. Stems curve outward

COUNTESS OF LONSDALE (Cactus). Profuse and continuous bloomer of fine form. Color madder red with crimson-carmine shading at tips

CRYSTAL (Cactus). Petals long, twisted and incurved; color, soft, silvery rose, shading to white at center and tips. Stems pendant at times

DAHLIADEL CENTURY. It is all that can be asked for in a white single dahlia. Its size, form, habit of growth, productiveness, and clear pure white color put it far ahead of anything else

DAKOTA (Decorative). A good Exhibition variety. Color a deep tone of rich coral-red with coppery suffusion

DELICE (Decorative). Still one of the best of its class. A bright, yet soft, luminous pink. Flowers held facing well above the foliage

DIANA (Hybrid Pæony). A good Holland variety. Color, crimson with violet reflex. Splendid stems

D. M. MOORE (Decorative). Rich, dark, velvety maroon, almost black. The best dark dahlia
DORIS FARRELL (Decorative). A lively shade of lilac pink with lighter suffusion. Fine for cutting........... 1.00

DOROTHY PEACOCK (Show). A beautiful pale lilac rose, shading to white at center; of fine branching habit... .50

DOROTHY ROBBINS (Decorative). Color, peach red suffused apricot. A fine grower of very good form, flowers average 6 to 8 inches. As a cut flower it is one of the best keepers .................................................. 1.00

DREAM (Decorative). A flower of beauty and perfect form. Color, peach with an amber-like glow. Good for cutting, medium size.......................... .75

DREER'S WHITE (Show). Snow white flowers of perfect form borne in great profusion. Stems pendant..... .25

DREER'S YELLOW (Show). A beautiful rich deep sulphur yellow of perfect form, blooms well above the foliage. Often measuring seven inches in diameter. Similar to Dreer's White in form and a very healthy grower... .50

DR. TEVIS (Decorative). A very attractive and popular dahlia. Color, bronzy old gold, shaded and suffused violet rose. Fine for exhibition, and a dahlia of real merit. Has a long record as a prize winner..... .75

DRUM MAJOR (Pæony). One of the largest of the pæony flowered type. A rich fiery red with a lemon yellow center. The petals are also more or less tipped and marked. A prominent variety in the garden........ 1.00

EARLE WILLIAMS (Decorative). A giant, scarlet tipped white. One of the most popular variegated dahlias. Flowers deep and regularly formed on cane stems... 2.50

ECKFORD CENTURY. Color, white spotted pink and crimson .................................................. .25

EDITH WOOSTER (Decorative). Large blooms of a golden yellow suffused red, similar to Geisha in size and color but with a full center.......................... 1.00

E. F. HAWS (Cactus). Flowers of good size and even form. Color, a soft salmon pink; a tall, strong grower..... .75

ELSIE DREXLER (Hybrid-Cactus). A deep velvety maroon of huge size. The inner petals roll very closely and form almost a star in the center.......................... 2.00

EMBASSADOR (Decorative). Immense blooms with cane stems. Color, deepest shade of red or maroon........... .75

ENCHANTRESS (Decorative). Pretty fluffy flowers composed of long, recurving petals of a glistening salmon rose with golden suffusion. A good cut flower............... 2.00

ESTHER R. HOLMES (Hybrid-Cactus). A wonderful orchid pink dahlia, similar to Attraction in color but of a much deeper formation. Very satisfactory............. 2.50

ETENDARD DE LYON (Cactus). Large, massive, yet graceful blooms. Color, reddish violet overlaid Tyrian rose.. .75
FRANCIS LOBDELL (Waite) Hybrid-Cactus

Mallow pink shading to white in the center. A very stiff stem and of low growing habit. Wonderful free bloomer, splendid bedding variety, as well as for exhibition. Flowers large and of perfect form, keeps the center to the last. Certificate of Merit. A. D. S., 1922.

Tubers, $5.00. Plants, $2.50.
EVELYN ADAMSON (Decorative). Fawn pink, shading lighter. Good form and stem.......................... 1.50
EXMOUTH GLORY (Decorative). Yellow base, shading to white tips ........................................... 75
FAUST (Decorative Pæony). Large exhibition flower; color, deep morocco-red, shading rosy carmine on reverse of petals, the long twisted petals showing lighter at tips of flower ................................................................. 50
F. G. SCHEIFF (Decorative). A dwarf grower with long erect stems. Color, golden bronze shaded red .75
FLORENCE (Show). Perfect form of good size. Color, a very pleasing shade of pale light lilac.................. 75
FLORENCE FINGER (Decorative). A giant, well formed. Color, bright rose pink, good for cutting............. 1.00
FRANCES WHITE (Cactus). Pure white, shading to sulphur white at center. One of the good white cactus dahlias .25
FRECKLES (Decorative). Buttercup yellow streaked and penciled garnet, some flowers all garnet. Early bloomer. A.D.S. Certificate, 1920................................................................. 1.00
FUTURITY (Decorative). An especially fine and popular dahlia, with the exception that it is a poor root producer. Color, crimson pink or lilac rose, underlaid with soft yellow. Size, stem and bush are fine.................. 1.00
F. W. FELLOWS (Cactus). Flowers of phenomenal size, composed of numerous long narrow petals of a lively orange scarlet. A good exhibition variety........... 75
GEANT DE LYON (Collarette). Carmine maroon with a long cream collar. Very free flowering................. 1.00
GEISHA (Pæony). Buttercup yellow at base of petals, shading to scarlet at center, and passing lighter at tips. Petals broad, loose and peculiarly twisted. The most popular and striking pæony-flowered dahlia.......... 1.00
GEN. MILES (Show). Can be described as a show Le Grand Manitou; size large; free bloomer, stem pendant.... .75
GEN. PERSHING (Hybrid-Cactus). A heavy type cactus with curved and twisted petals, a strong grower. Color, white with cream shadings at center. Stems slightly pendant .25
GENEVEVA (Cactus). Fine sulphur yellow; good size, curved stem .................................................... 25
GEORGE WALTERS (Hybrid-Cactus). A monster hybrid cactus of coppery old gold with buff base, fine form, a prize winner, and a California standard....... .75
GLADYS BATES (Cactus). A huge cut flower of perfect form with incurved petals. Color, tan with rose reverse. A dahlia of real merit.................................................... 1.00
GLADYS SHERWOOD (Cactus). An immense white flower, deep and full to the center, with long, wide, pointed petals. Excellent stems and free flowering............. 1.00
GLOAMING (Hybrid-Cactus). Pointed twisty petals of bright yellow heavily suffused and tipped salmon. Extra long stems ........................................ 5.00
GLORIANA (Decorative). Huge blooms of pure old gold heightened by a slight reddish glow in the center. Exceedingly long stems. Good for exhibition.................. 1.50
GLORIEUX (Decorative). Large flowers of a bronzy yellow usually distinctly tipped white. Fine stems, and altogether a flower of wondrous beauty....................... 1.50
GLORY OF ARGONNE (Decorative). Color, delicate violet rose shading to white at center, perfect, even form. One of our best, fine for garden or exhibition............. .75
GLORY OF NEW HAVEN (Decorative). Large blooms of pinkish mauve. A seedling of the well-known Mildred Slocombe, sturdy grower. Good for exhibition...... 1.00
GOLDEN GLOW (Decorative). A striking shade of golden apricot. Exceptionally good stem and good keeping qualities. Late bloomer........................................ .75
GOLDEN WEST (Cactus). Color, deep rich yellow overlaid orange. Flowers of large size........................................ .50
GOLDEN WEST (Hybrid-Show). Large and distinct; high full center, with petals notched at tips. Color, a clear primrose yellow .................................................. .35
GOLD MEDAL (Show). Sunflower yellow tipped and suffused Oriental red; very striking and popular............. .50
HAMPTON COURT (Paeony). A bold, but not coarse flower; color, pale hydrangea pink with bright mauve pink shadings ......................................................... .35
HARMONY (Decorative). Color very similar to Wodan, mauve rose with golden suffusion, good form and habit of growth. Stems pendant ........................................... .25
HARVEST MOON (Decorative). A wonderful dahlia, bush dwarf, with large flowers held well above the foliage on stout stems. The broad, thick petals curve back towards the stem, almost making a ball; color, a clear, deep sulphur or primrose yellow. A.D.S. Certificate, 1920. 1.00

HENRY F. MICHELL (Decorative) (Root). A very large bloom of true scarlet color. These flowers are not only large in diameter but very deep. The bush growth is exceptionally hardy. Won Certificates in Connecticut, Maryland and California in 1923 .................. 2.50

HOCHSAI (Decorative). Russet orange shading amber at tips, and brightened with a golden sheen. Fine form and size, good for cutting ............................... .35

HORTULANUS FIET (Giant Decorative). The general color effect is lilac rose, while the petals shade from golden yellow at base to pale lilac at tips, with deep lilac rose suffusion. Colossal size ................................. 1.00

INSULINDE (Hybrid-Decorative). One of the finest and most artistic dahlias of distinct form with petals twisted and curled. Stems are two to three feet long, and flowers nine to ten inches across. Color a rich saffron yellow shaded russet orange ............................ 1.50

IRENE SATIS (Cactus). An exhibition variety of immense size with petals long and pointed. Color, lemon yellow; shaded golden bronze .............................. .75

ISABEL STREET (Decorative). Color, yellow at base of petals, shading bright rose red, with white tips. A very strong, vigorous grower ............................... 2.00

JEAN CHAZOT (Cactus). Flowers of graceful formation. Color, orange suffused gold, frequently tipped golden yellow ............................... 1.00
JERSEY'S GEM (Decorative). Large flowers of lavender pink on very strong, slender stems. A very free bloomer...10.00
JERSEY'S PRIDE (Decorative). Immense flowers on good stems. A very pleasing combination of buff, yellow and pink ........................................ 2.50
JHR. G. F. VAN TETS (Hybrid-Cactus). Good sized white cactus with long incurving petals. Fine stems hold flowers so as to display their full beauty. Early and continuous bloomer ................. 2.00
JOHN TOZER (Show). Flowers of perfect form throughout the season. Color, Bishop's violet...................... 0.50
J. OTTO THILOW (Decorative). Extra large blooms, are held very erect. Petals are long and pointed. Cardinal red without shading .................................... 1.00
JUDGE PARKER (Decorative). One of the giants. Massive bushes with flowers of good form. Color, golden tan. 2.00
KALIF (Colossal Cactus). Color, rich strawberry red, or carmine. The mammoth flowers are borne in great profusion. An old favorite and a good cut flower............. 0.75
KING ALBERT (Pæony). Large and graceful flowers of rich royal purple ............................................. 1.00
KING MIDAS (Show). A fine white with lilac shadings. 0.25
KITTY DUNLAP (Decorative). Flowers of immense size with broad petals. Has great substance and good keeping qualities. Color, an American Beauty shade. A very pleasing variety ........................................... 2.50
LADDIE (Decorative). Broomall. An excellent dahlia for exhibition or cutting. Large, well-formed flowers of wonderful substance on rigid, erect stems. Color, soft sulphur yellow at center, shaded and suffused rose and tan. A dahlia of real merit.............................. 1.00
LADY BETTY (Decorative). Creamy white, pink suffusion ......................................................... 2.50
LADY HELEN (Hybrid-Cactus). An immense flower of beautiful formation. Color, soft carmine veined white 2.00
LA FAVORITA (Hybrid-Cactus). Beautiful brilliant orange, shaded lighter at twisted tips. Perfect form, and useful for any purpose................................. 0.75
LA GROSSE BETE (Decorative). Enormous flowers of a cerise color, held on strong stems. A strong grower and splendid exhibition variety ......................... 3.00
LA MASCOTTE (Decorative). Entirely distinct in formation and coloring. Large blooms of silvery pink, while the reverse is reddish violet, the petals quilled on first opening. An incessant bloomer on good stems......... 1.50
LAMOND (Decorative). Large, finely formed dahlia. Color, lemon yellow with scarlet shadings. Petals beautifully curled and twisted, making a unique flower......... 1.00
LATONA (Pæony). Unusual blending of orange buff and yellow ........................................................... 0.75
LAURA BARNES (Paeony). Fine deep orange. Has every good habit ........................................... .50
LE GRAND MANITOU (Decorative). A giant of excellent form; color, Bishop's violet mottled and striped French purple; some blossoms self-colored .................. .50
LIBERTY BELL (Hybrid-Cactus). Similar in form to Break O' Day, although not as erect a stem. Color, soft crimson carmine, shading yellow at base of petals, and white at tips ......................................................... .35
LIBERTY BOND (Decorative). A beautiful blending of buff, bronze and salmon. A vigorous grower with immense blooms on strong stems .................. 1.00
LIONEL (Cactus). A true cactus of fine form. Color, salmon old rose with a golden suffusion. An ideal cactus dahlia and fine for cutting. A.D.S. Certificate, 1922........... 1.00
LOLITA VELASCO (Hybrid-Cactus). “The most perfect white cactus.” Petals are extremely long and straight. Flowers of immense size. Stem is long and stiff... 5.00
LUCKY LOU (Hybrid-Cactus). Bright scarlet illuminated with yellow at base of petals. Its wonderful keeping qualities make it valuable for cutting and exhibition. Immense blooms with long incurving petals form a flower of great depth................................................. 5.00
MADONNA (Decorative). A distinctive ivory-white dahlia of good size and unique form, with semi-curved and twisted petals .......................................................... .50
MARCELLA (Decorative). A delightful clear soft pink of perfect form, held erect on individual stems. Exceptionally free bloomer of medium size......................... .75
MARGUERITE BOUCHON (Cactus). A magnificent, large, full flower, center pure white, outer petals a brilliant, yet soft violet rose with distinct white tipping............ .75
MARIPOSA (Hybrid-Cactus). A gigantic flower of great depth, perfect form, with narrow incurved petals. A beautiful pink shadingarker at center with a violet suffusion which adds to the effect. A sturdy grower and a great favorite ................................................... 4.00
MARTHA WASHINGTON (Decorative). This large cup-petaled decorative is very unique in form. Color, rich, velvety maroon, shaded and tipped Tyrian rose. Stems and habit of growth excellent. Very popular in the trials ................................................................. 1.00
MARY C. BURNS (Decorative). Extraordinary coloring and artistic form give this dahlia its great popularity. The petals are old gold, showing a reflex of dull red as the petals twist. Flowers of very good size.............. 1.00
MEPHISTOPHELES (Decorative). A Marean dahlia of fine form and size. Deep rich carmine tipped yellow. Very striking and velvety in appearance......................... 2.00
MIGNON (Hybrid-Cactus). A clear light violet, shading to white at center. Flowers borne in profusion. .50
MILLIONAIRE (Decorative). Clear violet mauve shading to white at center, very deep and massive. One of the largest exhibition varieties. 1.00
MINA BURGLE (Decorative). Rich, dark scarlet or geranium red; profuse bloomer; ideal for the garden or as a cut flower. .35
MME. ANNIE MARIE CHANTRE (Cactus). A fine large violet rose cactus dahlia; petals long, straight and cleft; good for cutting. .50
MME. BUTTERFLY (Hybrid-Decorative). Flowers of wonderful grace and color combinations of violet rose shading darker at tips and blending to a deep golden yellow at base of petals. The long, rather narrow, pointed petals twist, showing a rosy magenta reflex, making it very unique. 1.00
MME. COISSARD (Paeony). Rich, dark crimson-carmine, shading to white at center. Very showy. .50
MME. ESCHENAUER (Cactus). Color yellow at base of petals, passing to sulphury white, suffused and tipped pale lilac. .35
MONS. LENORMAND (Decorative). Large flowers of bright sunflower yellow, striped and speckled crimson red. Good growing habit. A very striking and pleasing variety. 1.00
MONT BLANC (Decorative). Pure white, with creamy shadings. Of medium size, borne in profusion. .25
MOTHER (Hybrid-Cactus). Pure white with the slightest tint of color. Strong, sturdy grower. 2.50
MR. ALEX. WALDIE (Decorative). Color, cream overlaid salmon pink. Similar to Bonnie Brae but better form, stem, and bush growth. 1.50
MRS. ADDISON PRATT (Hybrid-Decorative). Flowers of immense size on good stems, a great exhibition variety with petals long and twisted. A beautiful blending of violet rose and deep buttercup yellow. 1.00
MRS. CARL SALBACH (Decorative). One of the best for exhibition with good keeping qualities. The very large, full blooms are held high on exceptionally long stems. Color, lilac rose, shading to white at base of petals. Generally described as a beautiful soft rose pink. A worthy prize winner. 1.00
MRS. C. G. WYATT (Cactus). A magnificent pure white; petals numerous, long and incurved. .50
MRS. C. H. BRECK (Hybrid-Decorative). A beautiful, large, exhibition variety. Soft yellow suffused with carmine. .50
MRS. EDNA SPENCER (Hybrid-Cactus). This popular dahlia for shipping and keeping qualities is one of the very best, flowers produced profusely on erect stems. Color, pale lilac, shading lighter at center. .75
MRS. E. F. T. SMITH (Cactus). Immense flowers held well above the foliage on strong stems. Color, creamy white shading to lemon tint at center. A sturdy grower. 1.50

MRS. E. L. LINDSEY (Decorative). Scarlet and gold; immense flowers. A valuable exhibition variety for baskets, vases, or the largest bloom in the show 2.00

MRS. GEO. W. ELKINS, JR. (Decorative). This wonderful decorative exhibition dahlia ranks with the very best of present-day novelties. The flowers are extremely large and deep with full centers, borne on good stems. It is a free and open grower. The petals are long, pointed and gracefully twisted. The color is beautiful, old gold, suffused salmon pink with a faint reflex of rosy pink. Of remarkable beauty, and a delight to every grower. A.D.S. Certificate, 1922 2.50

MRS. G. GORDON (Paeony). One of the best sulphury white paeony dahlia yet introduced; of immense size. .35

MRS. HUGO KIND (Decorative). Rich shade of red, bright velvety carmine, reflex spectrum red. Sturdy stems 3.00

MRS. I. DE VER WARNER (Decorative). No first class collection of dahlias should be without this wonderful variety which is a universal favorite. Color, a clear, bright lilac rose. The plant is a strong, open grower, and the giant flowers can be produced on stems up to 5 feet in length by pruning and disbudding 3.00

MRS. JAS. A. BABBITT (Decorative). Flowers of immense size with incurved petals. Color, deep yellow with reverse of petals overlaid with crimson. A very attractive and useful flower 1.50

MRS. J. C. MORAN (Decorative). Large flowers of even form. Color, soft lilac shading white. Bush rather dwarf, but a profuse bloomer and very satisfactory .50

MRS. JOHN M. ROOT (Hybrid-Cactus). Flowers of pure canary yellow. One of the largest dahlia's. Petals are long, broad and slightly twisted 10.00

MRS. NAT SLOCOMBE (Hybrid-Cactus). One of the best yellow hybrid-cactus dahlia's, of fine form and good size. Color, deep sunflower yellow 1.00

MRS. RICHARD LOHRMANN (Hybrid-Cactus). Beautifully formed flowers of deep sunflower or golden yellow. An excellent bush and fine stems, not an early bloomer 1.00

MRS. THOS. BUSH (Paeony). Color, reddish salmon, shading primrose yellow at center and tipped rose; of good size, on pendant stems .35

MRS. WARNAAAR (Hybrid-Cactus). Mammoth size, good form and substance. Color, creamy-white with apple blossom suffusion 1.00

MRS. W. E. ESTES (Hybrid-Cactus). A fine pure white, on very erect stems, not an early bloomer 1.00
MRS. GEO. W. ELKINS, Jr.
MT. SHASTA (Hybrid-Cactus). A wonderful blending of shell pink, shading darker, with tones of light yellow at center. A fine all-purpose dahlia. Stems pendant at times ........................................ 1.00

MYRA VALENTINE (Decorative). A wonderful golden bronze exhibition dahlia, growing 8 inches on long rigid stems, height 6 feet .......... Tubs, $5.00. Plants, $2.50

NANCY MAE (Cactus). Carmine, shading rich reddish purple; the general effect being a deep, velvety red .... 0.35

NEVADA (Decorative). A fine pure white flower ........................................ 0.50

NIEBELUNGENHORT (Colossal Cactus). A magnificent flower, often measuring from seven to eight inches in diameter; petals broad, irregularly twisted and curled, of a violet rose suffused golden apricot .................. 0.50

NINA (Decorative). White, with a lilac blush. Petals cleft and of regular formation ........................................ 0.25

NOBILIS (Decorative). Very similar to Earle Williams in form and color, except that the white predominates. Color, crimson and white. A real exhibition variety .... 1.50

OLD SOL (Pæony). Color, primrose yellow, shaded coppery red with golden bronze suffusion. A splendidly formed pæony dahlia of good size. Very graceful and attractive .................................................. 0.35

OREGON BEAUTY (Decorative). Intense Oriental red, carmine suffusion. A large standard variety. Stems not erect ........................................ 0.25

OSAM SHUDOW (Decorative). A beautiful flower with big heavy loose petals of old rose suffused lilac and shading to yellow at center. A sturdy tall grower which produces huge blooms, but none too early here .................. 2.50

PACIFIC GLOW (Pæony). A pæony of immense size, with petals long and slightly twisted. A beautiful soft pink. Stems pendant ........................................ 1.00

PATRICK O’MARA (Decorative). Soft orange buff slightly tinged with rose. Good for cutting. Flowers 5 to 6 inches .................................................. 1.00

PAUL MICHAEL (Decorative). One of the largest dahlias. Beautifully formed petals which are pointed, curled and twisted. Color, deep buttercup yellow, shaded with old rose, making it an ideal exhibition dahlia. Flowers 10 inches, bush 3 feet ........................................ 2.50

PEQUOT (Decorative). White shaded lilac, medium size. Petals open back, forming a perfect ball ............ 0.50

PIERROT (Cactus). Deep amber usually tipped white; a great exhibition variety .......................... 0.50

PINK FLAMINGO (Decorative). A dahlia of fine form, but sometimes showing an open center. Color, violet rose, overlaid Tyrian rose .................. 0.35
PRES. WILSON (Decorative). A large carmine crimson tipped white. Some flowers self-colored. Large size. Petals long, flat and pointed. A very striking variegated variety ........................................ 2.50

PRIDE OF CALIFORNIA (Decorative). A large crimson red, with dark full center. Fine for garden and exhibition .50

PRIDE OF DAHLIADEL (Decorative). A massive flower of great depth similar to the Grizzly, but our tests have proven it a decided improvement. Has a fuller center, and holds an even tone without fading. Color, rich deep carmine red. A dahlia of real merit ..................... 2.50

PRIDE OF PORTLAND (Pæony). A red and yellow pæony, similar to Geisha ........................................ 1.00

PRINCESS PAT (Decorative). Flowers are very large, of perfect form. Color, a very pleasing shade of old rose, which illuminates under artificial light ....................... 1.00

QUAKER CITY (Hybrid-Cactus). In this fine large cactus dahlia each petal is supplemented with from three to six narrow pointed petals showing up through the flower, making a very attractive and artistic flower. Color, primrose yellow. A.D.S. Certificate, 1920 ......................... .50

QUEEN ELIZABETH (Pæony). A perfectly formed pæony of a clear violet rose .......................... .35

QUEEN ESTHER (Pæony). Good size and form. Color, brilliant red ........................................ .75

QUEEN MARY (Decorative). A good all-purpose dahlia, especially good for cutting. Color, clear, silvery pink, shading cerise. Vigorous grower ...................... .35

RED CROSS (Hybrid-Cactus). Old gold shading yellow and suffused scarlet. Very striking. Of good substance and form .................................................. 1.00

REV. T. W. JAMISON (Cactus). Color, violet rose at tips, shading lighter and blending with primrose yellow at base. Petals long and incurved .................. .35

RHEINISCHER FROHSINN (Cactus). A very striking variety. Color, white at base of petals, quickly passing to an iridescent crimson-carmine ......................... .75

RODMAN WANAMAKER (Decorative-Pæony). Buds are a pale yellow, but as the flower expands, develops into a bronzy salmon pink. A fine grower .....................10.00

ROOKWOOD (Decorative). Pure bright cerise rose without the faintest touch of magenta. Immense flowers of good depth held aloft on splendid straight stems............ 4.00

ROSA NELL (Decorative). This extremely large exhibition dahlia is held on long erect stems and is one of the best. Color, commonly described as a bright rose, but really a bright Tyrian rose. Can be grown over 10 inches in diameter ......................... 1.50
SAGAMORE (Badetty, 1924) Decorative. We would like to boost this with the JERSEY INTRODUCTIONS, but, unfortunately, it was originated on Long Island. We are using a color-plate supplement in 5000 of our catalogues. Should you not receive one and desire same, a postal will bring one to you. This new dahlia is a wonderful commercial and exhibition variety. Color, amber gold, elusively shaded with a warm salmon rose and orange buff. An open, strong grower with erect stems, good keeping qualities and of uniform large size.

   Tubers, $10.00. Plants, $6.00 Net

SAMMIE (Decorative). One of the largest ball-shaped yellow decorative dahlias grown. Color, clear deep primrose yellow; of good substance. Bush 5 to 6 feet ............. .50

SCHONE HAMBERGERIN (Decorative). Flowers of medium size. Color, old gold, suffused bronze ....................... .75

SEBASTAPOL (Decorative). A deep Chinese orange. Very profuse bloomer .................. .25

SENSATION (Duplex). Rich geranium or cardinal red, tipped pure white; some flowers pure red. Very distinct and popular ........................................... .25

SEQUOIA (Cactus). Petals tubular, twisted and incurved; color, deep Indian yellow suffused madder rose. Good for cutting .................................................. .25

SHELIKOFF (Decorative). A large well formed dahlia of good substance on erect stems. Color, deep garnet. A.D.S. Certificate, 1920 ......................... .75

SHUDOW'S LAVENDER (Decorative). Silvery lavender with white shadings, of beautiful formation. Plants are tall and robust, producing immense flowers on long stems. A general favorite ........................................... 3.50

SKAGARRAK (Cactus). Beautiful clear lemon yellow. Graceful flowers of great depth with long petals held erect 1.00

SNOWDRIFT (Decorative). Giant, pure-white deep flower with broad waxy petals. Has a good stem by pruning and disbudding. Fine for exhibition ............. 1.00

STANLEY (Decorative). A dark carmine purple shaded deep Tyrian rose, of perfect form and large size. A winner. A.D.S. Certificate, 1920 ......................... .50

STUNNER (Decorative). Canary yellow of fine form. A strong sturdy grower. Good for exhibition............. .75

SULPHUREA (Decorative). Wonderful form with long petals thrown back like a Japanese chrysanthemum. Color, soft sulphur yellow. Exceptionally early. Large flowers ........................................... .75

SUNBEAM (Decorative). A garden variety of exceptional substance. Color, scarlet shading amber .......... .75
SUNKISS (Hybrid-Cactus). Fine large flowers of straw yellow, heavily suffused fawn on outer edge. Exceptionally free bloomer and good for cutting .......... 2.00

SUNSET GLOW (Hybrid-Cactus). Similar to Red Cross, but larger and better color ........................................ 2.00

SUNSHINE (Decorative). Scarlet tipped gold. A large garden and exhibition variety with flat pointed petals 1.00

SYLVANIA (Decorative). Creamy blush shaded pink. Fine habit of growth. Blooms 6 inches ......................... .50

SYLVIA DICKEY (Decorative). A beautiful violet rose with lighter shadings. Flowers of great depth and substance. Always in bloom from early until late in the season 1.00

TANGO (Century). Cadmium yellow, shaded scarlet orange .................................................. .25

THAIS (Hybrid-Cactus). White with delicate shadings of violet mauve, broad loose petals .................... .35

THE GRIZZLY (Decorative). The most popular dark red decorative grown. A giant exhibition variety. A prize winning novelty with long reflex petals. Color, velvety crimson maroon ................................. 1.50

THE LION (Cactus). Raspberry red or mauve rose with golden suffusion toward center; a beautiful, large, bold flower .................................................. .50

THEODORE VAIL (Decorative). Flowers of good size and form, held well above the foliage. Color, old gold, shading to apricot .................................................. .75

TOM LUNDY (Hybrid-Cactus). A huge crimson carmine beauty of full formation. Stems partially pendant .75

TRYPHINNIE (Decorative). Flowers of immense size held erect. Soft shell pink brightening to yellow at center .................................................. 1.50

TUT (Decorative). This large notched petaled dahlia is very unique in form. Flowers held upright on sturdy stems. Habit of growth excellent. Color, rich velvety purple garnet, with lighter reverse. Very popular in our trials .................................................. 3.00

ULYSSE (Cactus). An appealing combination of salmon rose with golden yellow suffusion, petals broad, curling at tips .................................................. .35

VASHON (Paeony). Free blooming and graceful. Color, primrose yellow, suffused pink. A fine garden variety for color effect. Stems pendant .................. .35
VASSAR (Hybrid-Cactus). An excellent dahlia of unusual form. Petals open back to stem, forming a full deep bloom. Color, beautiful amber shaded soft old rose .......... 1.00

VATER RHEIN (Hybrid-Cactus). Sometimes a beautiful peony. Color, primrose yellow suffused and tipped salmon lilac, with a beautiful golden sheen ............ .25

VENUS (Decorative). This large, unique flower, with pointed petals of white shaded violet rose, is dainty in color effect. Stem, bush and habit of growth make it very desirable. Very profuse ........................................ 1.50

VICAR OF WASPERTON (Catcus). This large English type cactus dahlia ranks among the best. The petals are tightly curved and incurved. Color, Rosolane pink, shading to primrose yellow at center.................. 1.00

VICTORY (Decorative). Amber flowers, very large and deep, of good substance, at times a little heavy for the stem .................................................. .50

VINELAND (Decorative). See page 5.

VIVIAN C. BUTLER (Decorative). Beautiful dark red or maroon decorative. Flowers 7 to 8 inches.............. 1.00

WACHT AM RHEIN (Cactus). Soft hydrangea pink, shading to white at center. Cleft petals ........................... .35

WASHINGTON CITY (Hybrid-Cactus). A large pure white. Fine for exhibition .......................... .75

W. D'ARCY RYAN (Decorative). Color, deep Tyrian rose with distinct white tips. An unusual flower of large size and good growth ........................................ 1.00

WHITE GLORY (Decorative). A pure white without shadings. The petals are waxlike and the graceful blossoms are held well above the foliage ....................... 5.00

WHOPPER (Decorative). Very similar to Azalea in color and form, but of much taller growth, stronger stems, and of fine branching habit. Color, yellow-buff shaded orange ........................................ .75

WIZARD OF OZ (Decorative). A rare shade of glowing amber pink shaded salmon. A real exhibition giant of beautiful formation. Good sturdy grower ......... 5.00

WM. SLOCOMBE (Decorative). Large flowers of pure canary yellow of splendid form ....................... 1.00

WODAN (Cactus). Long, gracefully twisted petals, of a mauve rose, reverse of petals violet rose, illuminated by a golden suffusion ......................................... .50

W. W. ALLEN (Hybrid-Cactus). Fine large flowers, held well above foliage. Color, soft crimson red. A great favorite .................................................. 1.00

W. W. RAWSON (Show). In form similar to Dreer's White Color, a glistening white delicately suffused lilac.... .35
Dahliadel Collections

We are leaders in collections. You will find this method the easiest and most economical way of buying tubers, especially for the amateur. Our offers for 1925 are remarkable in quality and value. They are so selected from standard catalogued and high class varieties that each collection contains a good selection of free and early flowering dahlias. All tagged and true to name.

Try one or all the collections. They will not duplicate.

Collections E and F are exceptionally fine for competitive exhibition, as well as garden and decorative purposes. Grow the best. Sent postpaid and delivery guaranteed.

DAHLIADEL NURSERIES

Vineland, N. J.

IMPORTANT

Every living thing has an enemy, and is susceptible to disease. The dahlia has few enemies, which are easily controlled, and it is a wonderful disease resistant. The stunted growth sometimes found in dahlias can only be controlled by digging and destroying all infected stock, but it takes concentrated effort in this roguing for a few years to secure stock that can be guaranteed free from disease, which emphasizes the fact that the value of dahlia roots is not only in the variety, but in the health and vitality stored within the tubers.

Do not plant diseased stock knowingly as allied diseases are known to have been carried by sucking insects. It is easier to destroy diseased stock than to control all of the sucking insects. All our stock is guaranteed.

BREAK O’DAY (Hybrid-Cactus)

A Dahliadel Introduction which is now a popular standard variety. A beautiful blending of the decorative and cactus types, suggesting a full high center decorative dahlia, with back curved petals coming up through the flatter ones. The color is a delicate, clear sulphur yellow, shading to sulphur white at tips. The petals are of great substance, illuminated by a satiny sheen, giving the flower a waxy appearance. Awarded the A. D. S. Certificate of Merit at Storrs, Conn., 1920. Also Sweepstakes at Seattle, Wash., 1921, for best bloom in show. Each ......................... .50
